ACCOLDING TO PROGRAMMI

Drawn littler by the mouthings of autichinese agitators, and the hopes that they have held out for a riot which would give vagabond ism a chance to help itself to the accumulations of industry victous vagrants from every locality In the north west have gathered in this city an I East Portland in search of booty Disappointed because the riot did not come off according to the programme of agitators, these free-booters upon society are becoming desperate and have already begun to carry out the programme of robbery and muniter on their own account. Their first victum, Col. J. K. Phillips, a re-spected citizen of East Portland, an honored member of the terand Army and of the State Militia, was waylaid Thursday night as he was nearing his home in the suburbs of that city, dangerously wounded and robbed of a consider able sum of money The first movers of this ant: Chinese crosade are

not wholly to blame for this gathering of crimi

Without the open oncoungement given to such acts of lawlessness as irresponsible agreators proposed, from men of respectable standing in the community, men who, like (of Huniton had a dubtful newspaper enterprise which he hoped to "boom," and men like 'tim. Yesterday for the first time in the hear) of Portland there was commons talk of a vigitine committee to rid the city of incendiaries, robes, mardeers, dynamiters and their indices and All the crimes that follow naturally in the wake of criminal "agitation" had been per petrated within a few hours, an I am outraged people were getting hot with rising wrath. A writer in the bogus paper says it giallens the heart of the "ingitator" to see the family wash tub at Albina brought to the facts and the clothes-lines stretched in the varids once more.
